

Safety, Easy operation, Speedy pigments change

Water-Cooled Pelletizer

- KK 200 Series

U.S. Patent No.5186950
 British Patent No.9206922.8
 R.O.C. Patent No.058973
 German Patent No.P 42 17 237

*Cutting of a hard material, Nonstop operation,
 Long Life !!*

*It does not rust, even if
 it washes in cold water!*

*GF,CF, mica,
 Carbonic acid calcium,
 injection mold magnet*

Improvement in hardness of a cutting unit.
 The ease of maintenance is pursued.
 Low noise type. 4th faces use type.
 A super-hard fixed cutting edge and kit for anti-
 defacement are attached (option).

Standard Equipment:

Rotation cutting edge / Fixed cutting
 edge base / Water cooling type /
 Aluminum door / Cooling fan /
 New style fixed cutting edge unit

Option:

Super-hard fixed cutting edge / The kit for
 anti-defacement (finishing a strand cutting part
 with nitrifying processing) / A rotation cutting edge and
 a fixed cutting edge exchange time information display.

Specification \ Model	KK200	KK200-300	KK200-400	KK200-500
Cutting Ability(kg/hr)	200~450	450~700	700~1100	1100~1800
Rotary Blade (mm)	200xL200	200xL300	200xL400	200xL500
Drive Motor	3.7kW 4P	5.5kW 4P	7.5kW 4P	11kW 4P
Drive Control	Inverter			
Pellet size	Standard;2~7mm Step less variable type (9~30mm length pellet)			
Strand Drawing-In Speed	Maximum: 70m/min. (Exclusive use for low/high speed can be set.)
